**AEROMETREX**

Our company hasn't previously had the need to use a debt collection agency, but when the need arose, Gary's agency was referred to us by one of our associated business partners.

Gary had a direct, will accept "no nonsense" and "no excuses" approach and attitude towards ensuring our outstanding debt was collected in a speedy, no fuss manner.

Gary kept constant daily communication with us regarding his progress and the debt was recovered within 10 days. We would have no hesitation in recommending Gary's services.

Sally Walkden.
