

We have been using SA Debt Recovery's phone collection service for over a year now and the results have been excellent.

Our aged debtor ledger has been reduced dramatically and our regular late payers are now more likely to pay on time because they know they will be chased up. If some of our clients become a little reluctant or slow in paying their debts, SA Debt Recovery uses its experience in the debt collection business to begin recovering our debts using the legal system.

Mr Gary Lightfoot's experience in the transport industry as national credit manager for TNT has been very useful.

We very much recommend this service if you have a long aged debtors' list.
