SA Debt Recovery

Hello Gary,

I would like to thank you for all of the work you have done to recover the outstanding debts for my business. Your work was efficient and thorough and you have succeeded and recovering the full debt, under difficult circumstances. This was a complicated case in which you had no problems sorting out.

I have used you twice now, both with excellent results. If I require debt recovery again in the future I will have no hesitations to request your help again.

Yours sincerely,

Bernadette Kaeding
